EVM I® EARNED VALUE MANAGEMENT INSTITUTE®'s EARNED VALUE MANAGEMENT PROFESSIONAL® CREDENTIAL CERTIFICATION PROGRAM BROCHURE

Earned Value Management Institute®, **EVM I®** created the **EVM I® 201: Earned Value Management Professional® EVMP® Credential Certification** program to recognize specialists who have strong Earned Value Management, project controls and project management skills, and meet a demanding set of competencies in program and project management; risk management; quality management; scheduling; cost management; project budgeting; project accounting; project finance; Earned Value Management (EVM) analysis and application, implementing EVM benchmarks and best practices; and the ANSI-EIA-748-B EVMS global industry standards implementation.

The EVMP® credential is administered by the EVM I® EVMP® Certification Board and is awarded based on experience, education, completion of a rigorous 5 Day (40 hours) EVMP® credential certification preparation program, completion of several case studies, completion of several exercises which are graded and count towards certification; agreeing to EVM I®'s ethical qualifications and standards; and successfully passing a 4 hour 200 question EVMP® credential certification examination.

A recent EVMP® participant who works on a very large United States Army project described the EVMP® credential certification program as "a mini-MBA in Earned Value Management"

The EVMP® credential certification program provides you with all the skills sets and tools required to build a comprehensive, scalable and robust compliant ANSI-EIA-748-B Earned Value Management System (EVMS) based on all 32 guidelines of the ANSI-748B Industry Standards. The EVMP® credential certification program covers among many others, modules on the roles and functions of the Control Account Manager (CAM) and developing the Control Account Manager (CAM) notebook; Designing the EVMS Architecture; Performing Extensive EVMS GAP Analysis; Developing an EVMS Policy; Developing an EVMS System Description Documentation (SDD); and Performing EVMS Maturity Assessments are covered in the EVMP® credential certification.

The EVMP® credential program provides skills and develops technical competencies in all areas required to implement efficient and effective Earned Value Management (EVM), risk management, quality management, cost estimating, project controls and scheduling; project oversight, project transparency, project accountability and responsible project management implementation and execution on projects across industry and government.

EVM I® EARNED VALUE MANAGEMENT INSTITUTE®'s EARNED VALUE MANAGEMENT PROFESSIONAL® CREDENTIAL CERTIFICATION PROGRAM BROCHURE

The **EVMP®** credential program is aligned with United States Senate Bill s 920 called the **Information Technology Investment Oversight Enhancement and Waste Prevention Act of 2009**: <http://www.govtrack.us/congress/billtext.xpd?bill=s111-920>; ANSI-EIA-748-B EVMS Industry Standards and EVM I®'s **EVM BOK®** Earned Value Management Body of Knowledge®

The **EVMP®** credential will distinguish you as a Professional who has the knowledge and skills required and needed to succeed in the field of responsible project management, Earned Value Management (EVM) application and implementation; project controls application; risk and quality management monitoring; accountable project management and successful results delivery, analysis and collaborative problem solving. The **EVMP®** credential is for professionals who manage integrated cost, technical and schedule baselines on projects; and ensure that their projects are delivered on time, within budget and within quality.

EVMATOM™ Earned Value Management Accountability, Transparency and Oversight Matrix™

EVMATOM™ is used for business management, project management and earned value management (EVM) consulting on projects and programs across industry which allows program and project managers; project professionals; business professionals; Earned Value analysts; and EVMP®'s Earned Value Management Professional®'s to provide greater oversight, problem solving, effective decision, increased accountability and transparency for the overall performance, quality, mitigation of risks, and timely delivery of their projects. EVMATOM™ is applied and used across the EVMP® credential certification program modules.

EVM I® PROJECT CASE STUDY METHOD™

EVM I® utilizes and leverages 'The EVM I® Project Case Study Method™' across the EVMP® credential certification program to allow EVMP® participants provoke thought, analyze information; make critical decisions that require leadership; and provide critical analysis and problem solving under the watchful eye of EVM I® faculty. The 'EVM I® Project Case Study Method™' requires in-depth analysis; using critical problem solving skills; and providing effective responses to Earned Value Management and Project

management strategies that have gone awry and catapulted projects under study and examination into disaster. Our learning experience and environment fosters confidence, builds a foundation of trust and empowers participants to use independent insights, problem solving and leadership skills to develop strategies and approaches in addressing issues and problems that are presented in project case studies. Our small group size allows participants with the opportunities to test their proposed solutions; critically examine and analyze data; take risks and develop their decision making effectiveness.

**EVM I® EARNED VALUE MANAGEMENT INSTITUTE®'s
EARNED VALUE MANAGEMENT PROFESSIONAL®
CREDENTIAL CERTIFICATION PROGRAM BROCHURE**

EVMP® CURRICULUM & DAILY SCHEDULE:

EVMP® CERTIFICATION PROGRAM (DAY 1):

EVMP® CREDENTIAL CERTIFICATION MODULE 1: General Project Management Theory & Project Controls Application: General overview of Project Management; Project Management Processes & Phases; Managing Stakeholders; Project Management Planning; Project Organizations; Organizational Breakdown Structure (OBS); Work Breakdown Structure (WBS) Development & Decomposition; Managing Time & Building Schedules; Critical Paths; Managing Project Scope & Scope Creep; Managing Project Costs; Managing Project Risks; Managing Project Quality; Managing Project Contracts & Subcontracts; Managing Project's Human Resources (Project Staffing); Managing Project's Procurements and Supply Chain; Managing Project's Communications & Reporting; Managing Conflicts on Projects; Soft Skills

EVMP® CERTIFICATION PROGRAM (DAY 2):

EVMP® CREDENTIAL CERTIFICATION MODULE 2: Project Financials & Controls: Project Financials Concepts, Project Accounting & Project Budgeting, Performance Measurement Baseline (PMB) Establishment & Development; Cost Elements; Control Accounts & Work Packages (WP) Establishment, Planning Packages; Establishing Contract Budget Baseline (CBB); Management Reserve (MR); Contingencies

EVMP® CERTIFICATION PROGRAM (DAY 3):

EVMP® CREDENTIAL CERTIFICATION MODULE 3: Earned Value Concepts, Earned Value Analytics, Earned Value Industry Standards: Earned Value Management Concepts; Earned Value Data Elements & Analytics (EV, PV, AC, SPI, CPI, TCPI, SV, CV, CV%, SV% and so on); Earned Value Claiming Methods (% Start, % Complete; LOE, Milestone EVM; % Complete and so on); Schedule Forecast; Earned Value Management Forecasting Computation (ETC; EAC); EIA-ANSI 748-B EVMS implementation (all 32 criteria); EVMS GAP Analysis; EVMS Compliance; EVMS Validation and Reporting; EVMS Maturity Assessments.

**EVM I® EARNED VALUE MANAGEMENT INSTITUTE®'s
EARNED VALUE MANAGEMENT PROFESSIONAL®
CREDENTIAL CERTIFICATION PROGRAM BROCHURE**

EVMP® CERTIFICATION PROGRAM (DAY 3)

(cont'd):

Role of Control Account Managers (CAM); Developing the Control Account Manager Notebook; Developing Control Account Plans (CAPs); EVMS Architecture & Design; EVMS Reporting Types (Cost Performance Reports CPR Formats 1 -5), Earned Value Project Management Office® EVPMO®; Earned Value Management Risk and Quality Model® EVMRQM®

EVMP® PROGRAM CERTIFICATION (DAY 4):

EVMP® CREDENTIAL CERTIFICATION MODULE 4: Advanced Earned Value Management (EVM) Application: Establishing EVMS Surveillance; EVMS Reporting; Variance Analysis Reports (VARs) & Corrective Action Taking; Variance Management; EIA-ANSI 748B Execution; Integrated Baseline Reviews (IBRs) Management, Establishing Over Target Baselines (OTBs); Re-baselining; US Federal Government EVMS Mandates and Laws

EVMP® CREDENTIAL CERTIFICATION MODULE 5: Special Topics in General Management

EVMP® CREDENTIAL CERTIFICATION MODULE 6: Ethics, Integrity & Professional Responsibility

EVMP® PROGRAM (DAY 5):

Case studies and completion of **PART B** project exercises. Completion of **4 hour EVMP® credential certification**

***NOTE:** Several project case studies using the EVM I® Project Case Study Method™ are introduced, analyzed, discussed and examined over the first four days

***NOTE:** A Comprehensive ANSI-EIA-748-B Earned Value Management Systems GAP Analysis based on all 32 industry standards criteria is completed on Day 4

EVM I® EARNED VALUE MANAGEMENT INSTITUTE®'s EARNED VALUE MANAGEMENT PROFESSIONAL® CREDENTIAL CERTIFICATION PROGRAM BROCHURE

EVMP® CREDENTIAL CERTIFICATION REQUIREMENTS:

On Day 5 day of the intensive EVMP® Earned Value Management Professional® credential certification program, a 4 hour exam is given with 200 questions.

Participants must **pass** the 4 Hour EVMP® credential certification examination for **PART A**; and complete a Project from Start to Finish Using Applied Earned Value Management (EVM); Project Management and EVM Best Practices for **PART B** to become **EVMP® Earned Value Management Professional® Credentialed & Certified**. PART B consists of between 10 to 12 exercises/deliverables.

PART A: To become Earned Value Management Professional® EVMP® certified, an 80% passing grade in all six sections of the 4 hour EVMP® Exam must be achieved by the Exam candidate as determined by the EVMP® Certification Board; and the Participant must adhere to the Earned Value Management Institute®'s Code of Ethics and Professional Conduct

PART B: Additionally, you must complete a Project from start to finish Using Applied Earned Value Management (EVM) and turn in all completed exercises by their **DUE DATE** which is on the fifth day before the start of the 4 hour exam. You must achieve a total score of 80% on all your exercises.

To become Earned Value Management Professional® EVMP® certified you must score an 80% passing grade in all six sections of the EVMP® credential certification examination given for PART A; and attain a score of 80% on all the exercises given for the Project Using Applied Earned Value Management for PART B.

**Please note that both Parts A and B must be passed with an 80% or more to attain EVM I®'s EVMP® credential certification

****Computers or laptops with Microsoft Excel, Microsoft Powerpoint and Microsoft Word is required to complete exercises. The use of Microsoft Project is preferred to complete some of the exercises but is not mandatory.**

EVM I® EARNED VALUE MANAGEMENT INSTITUTE®'s EARNED VALUE MANAGEMENT PROFESSIONAL® CREDENTIAL CERTIFICATION PROGRAM BROCHURE

EVMP® CREDENTIAL CERTIFICATION BENEFITS & ADVANTAGES:

The advantages and benefits of holding the EVMP® certification are manifold and includes among others:

EVMP® HOLDER'S BENEFITS TO THE INDIVIDUAL:

- (a) Become part of a distinguished set of individuals who understand how to effectively manage, control, execute, lead and integrate cost and schedule baselines effectively;
- (b) Organizations, clients and colleagues are assured that you have the skills and knowledge required to control, integrate and manage effective cost, technical scope and schedule baselines; perform risk management, quality assurance and project management problem solving across projects and programs regardless of size, type, industry, scale and complexity; and able to manage and maintain and ANSI-EIA-748-B EVMS
- (c) Your global recognition as an EVMP® sets you apart from the rest in industry as you are a driven problem solving who goes to the bottom and root causes of problems which show up as cost and schedule drivers; and provide fixes and solutions;
- (d) Shows that you understand the lingua franca of project cost management, earned value management and project controls and project management;
- (e) Increases the EVMP® holder's confidence and significantly increases your marketability to organizations in the global marketplace;
- (f) Increases chances of winning contracts requiring the Earned Value Management Professional®, EVMP® certification and Earned Value Management (EVM) proficiency and skills; and shows that you have competency, knowledge and skills in applied Earned Value Management (EVM) Methods, Approaches, Analytics, Best Practices and the 32 ANSI-EIA-748-B Earned Value Management Industry Standards;
- (g) EVMP® Earned Value Management Professional® is an internationally recognized trademark, registered in the USA and in many nations

EVM I® EARNED VALUE MANAGEMENT INSTITUTE®'s EARNED VALUE MANAGEMENT PROFESSIONAL® CREDENTIAL CERTIFICATION PROGRAM BROCHURE

EVMP® HOLDER's BENEFITS TO THE ORGANIZATION:

- (a) Effective and efficient management of projects and programs because the organization has invested in the training of its resources to acquire the EVMP® credential;
- (b) Increases the project management, project controls and earned value management maturity level of an organization;
- (c) Reflects an organization's commitment to transparency, accountability, oversight; problem solving; risk mitigation; quality controls; proper planning and scheduling; and the implementation of effective project controls;
- (d) Increases an organization's overall competitiveness and Return on Investment (ROI) because of enhanced capability of mitigating schedule and cost drivers that cause cost overruns and delays on project and programs ;
- (e) The root causes of project delays and cost overruns can be identified, prevented, eliminated and mitigated;
- (f) The use of standardized project management and earned value management (EVM) processes, methods, approaches and best practices;
- (g) The use of standard project management and earned value management metrics across an organization is emphasized
- (h) The chances of project or program success are greatly increased and enhanced;
- (i) Application and implementation of ANSI-EIA-748-B EVMS Industry Standards across projects; programs and organization

EVMP® CREDENTIAL CERTIFICATION FEEDBACK:

IN 2010, 97.7% OF ALL EVMP® PARTICIPANTS RATED THE EVMP® CREDENTIAL PROGRAM AS EXCELLENT AND VERY GOOD:

GRADE:	EXCELLENT	VERY GOOD	GOOD	AVERAGE	POOR
RESPONSE:	83.3	14.4	2.2	0.1	0.0

***RESULTS ARE BASED ON END OF COURSE SURVEYS CONDUCTED FOR ALL EVMP® PARTICIPANTS TRAINED FROM 01.01.2010 THROUGH 12.31.2010**

Testimonials

**TESTIMONIALS IN THEIR OWN WORDS FROM SOME OF EVM I®'S
DISTINGUISHED EVMP®S. READ FULL TESTIMONIALS AT LINK BELOW:
http://www.evmi.com/Distinguished_EVMPs_Testimonials.html**

**Nathalie Behn, M.S in Mechanical Engineering, EVMP®, PMP®, AM.APMP
Program Manager, DRS Defense Solutions, USA**

Ms. Nathalie Behn described her EVMP® credential certification experience as, "The 5-day EVMP® credential certification course **truly exceeded my expectations**. I have taken many other Project Management classes in the past and none of them were as hands-on as this one. This EVMP® course was crisp and directly to the point, and, surprisingly constantly kept my attention all along."

**Mr. Arnold Reynolds, MS (Mathematics), MS (Information Systems), EVMP®
Earned Value Management Subject Matter Expert, Principal Consultant
SENTINEL Program at Federal Bureau Of Investigation (FBI)
Keane Federal Systems, McLean, VA, USA**

Mr. Reynolds, Earned Value Management Subject Matter Expert at the FBI's SENTINEL program described his EVMP® experience as, "The EVMP® certification program, with absolute certainty gave me valuable knowledge and confidence as a leader and practitioner of EVM that I can do all these things better."

**Mr. Robert Ramsey, BS in Aerospace Technology, EVMP®
Project Manager & Assistant Main Base Architect
Volvo Power train of North America, Hagerstown, MD, USA**

Mr. Ramsey described his EVMP® experience as, "The EVMP® course presented by Earned Value Management Institute® offers the most valuable take away knowledge of any Professional Project Management training I have experienced! I have been through many seminars and training sessions including High Profile Project Management Training with the most experienced Instructors." "With this course (EVMP®), presented by Earned Value Management Institute®, a thorough understanding of Earned Value Analysis & Project Controls are taught as motivating and empowering. Completion of the EVMP® has taken Project Management to new levels of potential for me as a leader.

The EVMP® has had a rejuvenating effect on my view of Project Management. The drive and inspirational teaching from EVM I® Instruction plus the expectation of completing the EVM I® testing sets EVMP® miles higher. Having successfully completed the EVMP® certification course testing enhances the degree of confidence needed to implement all EVMP® tools to every project."

Testimonials

**Ms. Debbie Hillard, BS (Accounting), MBA (Information Systems), EVMP®
Vice President/ Division Director/Program Manager
Health Information Systems Division, Gunnison Consulting Group, Chevy Chase, MD, USA**

Ms. Hillard, Vice President at Gunnison Consulting Group described her EVMP® experience as, "It was an extremely comprehensive and well presented overview of program management, risk management, quality management, and how to ensure your processes and systems are EVM compliant as well as the technical aspects of how to schedule activities, budget to those activities, and ensure your projects are on schedule and within budget.

**Mr. Hector Chavez, BA, MA, EVMP®, Standford Certified Project Manager (SCPM),
Certified Six Sigma Green Belt (CSSGB), Certified ITIL V3 Foundations
Senior Finance Director, MPRI International, USA**

Mr. Chavez described his EVMP® credential certification experience as, "This course exceeded my expectations. Mr. Kwaku Akyeampong presented valuable instruction and information about the Earned Value Management System (EVMS) in a concise and no-nonsense manner. The EVMP® course is valuable for those in the public sector because the Earned Value Management Professional® certification is a new paradigm for going beyond wishful thinking, and into the reality of project accomplishment"

**Mr. Minh-Nhat Ngo, BS (Economics), MBA, EVMP®
Earned Value Management & Financial Analyst at PRAXIS, VA, USA**

Mr. Ngo described his EVMP® experience as, "After receiving my EVMP® certification, I learned to address any variances and program problems before they escalate into something major. I learned how to bring the program's problems to meetings to brainstorm a resolution. In addition, I learned that to run a program successfully, you have to allocate the program's responsibility down to the CAMs and across to team members. I also gained more insight on how to calculate program variances and mitigate program risks; and that allocating the responsibility to the CAMs will make the program run smoother."

**Mr. Kurt Teets, BS in Mechanical Engineering (BSME), EVMP®
Senior Engineering Manager, Rosebud Electronics Integration Corporation (REIC)
Electronics Manufacturing Services Industry, Mission, SD, USA**

Mr. Teets described his EVMP® credential certification experience as, "The Earned Value Management Institute® provides training in the area of program management that utilizes real world examples and experiences in a very enthusiastic and knowledgeable manner." "Currently the projects our company completes are small and the budgeting is handled at the contract level, not the project level. The principles of EVMP® have been implemented and already there have been improvements in on time delivery of goods to our customer. All projects were monitored on a time scale however the method used before was in depth and time consuming taking time away from other priorities" "The principles of the Earned Value Management Institute® make program tracking a simple and hassle free task. This is training that will be valuable both personally and to our company as we move ahead with government contracts in the electronics industry."

Testimonials

**Mr. William D. Jenison, BS (Industrial Engineering), ME (Industrial Engineering),
MS (Systems Management), EVMP®
Earned Value Management Specialist, Confidential Agency, VA, USA**

Mr. Jenison described his EVMP® experience as, "Your EVMP® course which I just completed reinforces my experience over the years with EVM. As an industry standard and best practice, EVM provides transparency and accountability of a project's performance from the Control Account Manager all the way to executive level managers.

**Ms. M. Monique Silver, BS in Communications, EVMP®
Project Manager and Project Control Manager
AECOM PMCM, Healthcare and K12 Education Program Management Services,
(Project: \$355M Replacement Hospital). Mishawaka, IN, USA**

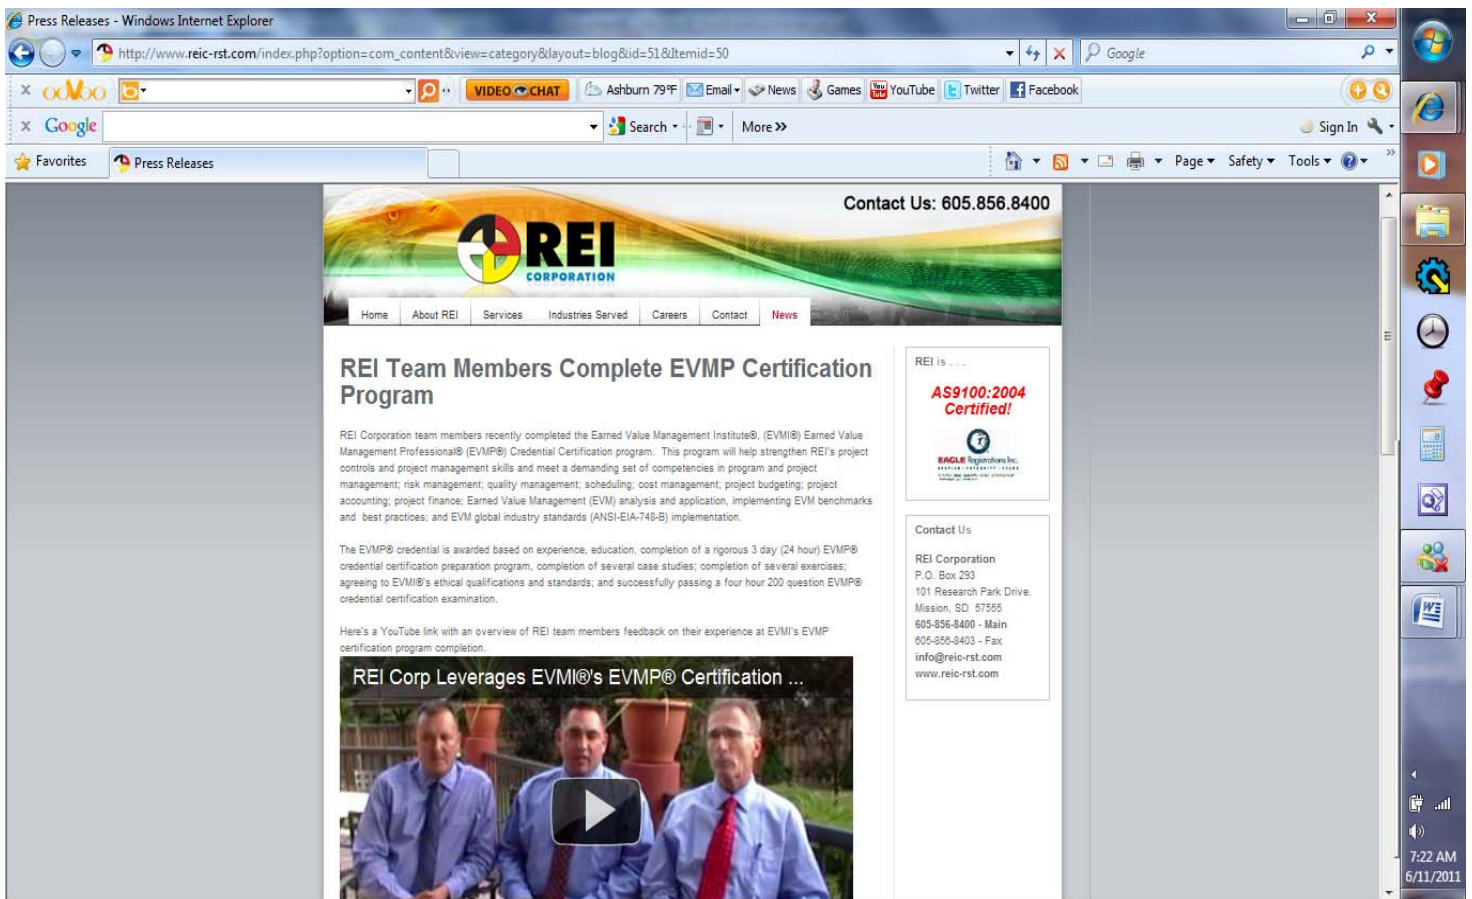

Ms. Silver described her EVMP® experience as, "The EVMP® certification was the next logical choice in my career development for controlling and managing projects. I needed to secure the EVMP® credential in order to transition onto a larger Federal Government program. Little did I realize when I registered to take 'The Kwaku Akyeampong Approach to Earned Value Management Excellence®' and Earned Value Management Professional® (EVMP®) certification credential training, I would receive the most comprehensive Earned Value Management (EVM) training a project management professional could hope for. This course is intense. This course is challenging. This course is empowering. This course is the next right choice for every seasoned project management professional who wants to make project cost overruns and schedule delays a thing of the past. EVM I®'s EVMP® training equips you with the knowledge and tools to manage any project; regardless of size, scale, technical scope and complexity"

**Mr. Jim Gibbons, EVMP®, PMP®, ITIL®, CTT+
Program Analyst at Systems Made Simple (SMS), Syracuse, NY, USA**

Mr. Gibbons described his EVMP® experience, "As a result of attaining the EVMP® certification from EVM I®, I was able to immediately apply direct knowledge and EVM planning considerations in my role as a key team member on an ANSI-748 EVMS Compliance program, as well as an overarching Integrated Program Management initiative here at the Department. In the course of developing of a standardized WBS for use in an IMP/IMS model, we were able to clearly articulate and emphasize the critical importance of planning for, and embedding EVM strategies and practices early in the planning and scheduling processes." "The skills and knowledge gained through my EVMP® certification training were instrumental to our team's development of an EVMS compliance program. My EVMP® training experience and EVM I®'s focus on the management concepts related to Earned Value, rather than simply the mathematical mechanics helped us to detail a plan to transform the practice from a mandated series of reports, beyond an early warning system, and into an executable program management mindset and technique"
