

# CRQO™ CHIEF RISK & QUALITY OFFICER™ CREDENTIAL CERTIFICATION FACT SHEET

## ABOUT CRQO™ CHIEF RISK & QUALITY OFFICER™ CERTIFICATION

EVMI® Earned Value Management Institute created the CRQO™ Chief Risk & Quality Officer™ Executive program, a global based credential, that recognizes executive level leadership who require a general understanding about the application, value and benefits derived from the use of risk management and quality management in the effective management and oversight of projects and programs within their organizations. The CRQO™ Chief Risk & Quality Officer™ credential certification is a unique executive/senior management level professional development program and course designed for executives and upper management in both Government and Industry who are eager to achieve total project and program management successes on projects across all industries and governments.

The CRQO™ Chief Risk & Quality Officer™ program is aimed at the present and next generation of government and risk and quality management leaders: executives working for dynamic global companies and firms; international organizations and institutions; and government agencies/departments/ministries who need to broaden their horizons in the field and dimensions of quality management, risk management, project management and effective program governance; and enhance their prospects of achieving successful project and program delivery. The CRQO™ Chief Risk & Quality Officer™ executive training course offers the executive with 4 days of intensive executive level training in quality management and risk management for projects.

## CRQO™ CHIEF RISK & QUALITY OFFICER™ CERTIFICATION REQUIREMENTS:

CRQO™ Chief Risk & Quality Officer™ credential certification curriculum consists of **TWELVE** modules delivered from Day 1 through Day 4, and the modules are namely: (1), Advanced Risk Identification and Risk Planning (2), Advanced Risk Analysis (3), Advanced Risk Response and Risk Control, (4), Risk Register and Risk Breakdown Structure (RBS) (5), RQMATOM™ Risk & Quality Management Accountability Transparency & Oversight Matrix (6), ISO 31000 Risk Management Industry Standards (7), ISO 9001:2015 Quality Management Industry Standards (8), Advanced Quality Planning and Management (9) Advanced Quality Assurance and Control (10), Advanced Quality Tools (11), WBS Development for Quality and Risk Management (12), Advanced Risk and Quality Management Strategy
