EVMD™ Certification Benefits to the Individual Participant – Ten Reasons

- Become part of a distinguished set of individuals who understand how to effectively manage, control, execute, lead and integrate cost and schedule baselines effectively
- Organizations, clients and colleagues are assured that you have the skills and knowledge required to lead, direct, control and manage integrated cost and schedule baselines effectively and efficiently; identify and resolve significant variances on projects and programs; and manage and control risks, schedules, costs, changes and quality on highly priced projects and programs (multi-million/multi-billion)
- Your recognition as an EVMD™ sets you apart from the rest and shows that you understand the lingua franca of project management, earned value management (EVM) and project control
- Increases your marketability to organizations in the global marketplace as certified EVMD™
- Significantly increases chances of winning very large contracts (multi millions/multi-billions in dollar value) with certified EVMD™ assigned for oversight, leadership and management functions
- Increases confidence as a Leader who can be held accountable and responsible for positive project outcomes and successful delivery on time, within budget and of top quality
- EVMD™s have the ability to build, implement and maintain compliant EIA 748-D industry standard Earned Value Management Systems (EVMS) across projects and organizations
- EVMD™s have the ability and capability to identify early warning signs and signals that can lead to project failure and provide solutions to significant variances on projects
- EVMD™s have the ability and capability to develop their own ‘My EVMD Strategy Playbook™’ for implementing and maintaining best practice Project Management, Earned Value Management industry standards (EIA 748-D EVMS industry standards) and Project Control across projects and programs regardless of dollar size, scale, complexity, size or contract type
- EVMD™s have the ability and capability to lead, guide, develop, and direct effective and efficient Control Account Management efforts on very large projects and programs

EVMD™ Certification Benefits to the Organization – Ten Reasons

- Effective and efficient management of projects and programs because the organization has invested in the training of its resources to acquire the EVMD™ credential certification
- Increases the project management, project control and Earned Value Management (EVM) maturity level of an organization
- Reflects an organization's commitment to transparency, accountability, oversight and the implementation of effective project controls and Earned Value Management industry standards using tools such as EVMATOM® Earned Value Management Accountability Transparency and Oversight Matrix®
- Increases an organization's overall competitiveness and Return On Investment (ROI)
- The root causes of project delays are identified and mitigated by EVMD™s
- Standardized and industry standard and bench-mark project management, project control, and Earned Value Management System (EVMS) processes, methods, approaches, and best practices are enhanced and institutionalized across projects, programs, and organizations. All defects and gaps are identified on an EVMS, and corrective actions are implemented in a timely fashion to ensure and guarantee full compliance with the 32 criteria of the EIA 748-D EVMS industry standards
- The use of standard project management and earned value management metrics across an organization is emphasized, and the chances of a project's or program's success are greatly increased and enhanced
- EVMDs lead, guide, direct, plan, organize and execute successful Integrated Baseline Reviews (IBRs).
- Earned Value Management System (EVMS) Surveillance and Compliance is institutionalized across projects, programs, and organizations and led by teams of certified EVMD™s
- Earned Value Management System (EVMS) Surveillance and Compliance is maintained, implemented, and enforced across projects, programs, and organizations and led by teams of certified EVMD™s
