# **EVMP® Earned Value Management Professional®** **(EVMP® – The King of EVM & Project Control™)** **Credential Certification Fact Sheet**

## **The Why? – The Certified EVMP® Earned Value Management Professional®**

### **EVMP® Certification Benefits to the Individual Participant – The Top Reasons**

Become part of a distinguished set of certified EVMP® Earned Value Management Professionals who understand how to effectively manage, control, execute, lead and integrate cost and schedule baselines effectively.

Organizations, clients and colleagues are assured that you have the EVMP® Earned Value Management Professional® skills and knowledge required to lead, direct, control and manage integrated cost and schedule baselines effectively and efficiently; identify and resolve significant variances on projects and programs; and manage and control risks, schedules, costs, changes and quality on highly priced projects and programs (multi-million/multi-billion). Many Requests for Proposals (RFPs) on large contracts issued by US Federal Government agencies such as US Department of State, US Department of Justice for example have recently requested EVMP® Earned Value Management Professional® certification in their RFPs.

Your recognition as an EVMP® Earned Value Management Professional® sets you apart from the rest and shows that you understand the lingua franca of project management, earned value management (EVM) and project control.

Your added value as an EVMP® increases your marketability to organizations in the global marketplace as certified EVMP® Earned Value Management Professional®

Your added value as an EVMP® significantly increases chances of winning very large contracts (multi millions/multi-billions in dollar value) with certified EVMP® Earned Value Management Professionals assigned for oversight, leadership, and management functions.

Increases confidence as a Leader who can be held accountable and responsible for positive project outcomes and successful delivery on time, within budget and of top quality upon becoming an EVMP® Earned Value Management Professional®

EVMP® Earned Value Management Professionals can build, implement, and maintain compliant EIA 748-D industry standard Earned Value Management Systems (EVMS) across projects and organizations.

EVMP® Earned Value Management Professionals can identify early warning signs and signals that can lead to ultimate and total project failure/termination and provide solutions to the significant variances uncovered on projects.

EVMP® Earned Value Management Professionals will complete analysis on a given Case study that will allow them to compile a compendium of best practice strategies used on a Project to prevent cost overruns, schedule delays and poor-quality deliverables; and implement compliant industry standard EIA 748-D Earned Value Management Systems on projects and programs.

EVMP® Earned Value Management Professionals can lead, guide, develop and direct effective and efficient Control Account Management efforts on very large projects and programs.

# **EVMP® Earned Value Management Professional® (EVMP® – The King of EVM & Project Control™) Credential Certification Fact Sheet**

## **Why? – The Organization Managed By EVMP®s**

### **EVMP® Certification Benefits to the Organization – The Top Reasons**

Effective and efficient management of projects and programs because the organization has invested in the training of its resources to acquire the EVMP® Earned Value Management Professional® credential certification.

Increases the project management, project control and Earned Value Management (EVM) maturity level of an organization.

Reflects an organization's commitment to transparency, accountability, oversight and the implementation of effective project controls and Earned Value Management using tools such as EVMATOM® Earned Value Management Accountability Transparency and Oversight Matrix®

Increases an organization's overall competitiveness and Return on Investment (ROI)

The root causes of project delays are identified and mitigated by EVMP® Earned Value Management Professionals. Standardized project management, project control and Earned Value Management System (EVMS) processes, methods, approaches, and best practices are enhanced and institutionalized.

The use of standard project management and earned value management metrics across an organization is emphasized. The chances of project or program success are greatly increased and enhanced.

Earned Value Management System (EVMS) Surveillance and Compliance is institutionalized across projects, programs and organizations and led by teams of certified EVMP® Earned Value Management Professionals.

Earned Value Management System (EVMS) Surveillance and Compliance is maintained, implemented, and enforced across projects, programs and organizations and led by teams of certified EVMP® Earned Value Management Professionals

US Federal Government Law such as Weapons Systems Acquisition Reform Act of 2009 in the USA requires mandatory Earned Value Management Systems (EVMS) on the Defense Contractor's EVMS. The Weapon Systems Acquisition Reform Act, formally known as the Weapons Acquisition System Reform Through Enhancing Technical Knowledge and Oversight Act of 2009, was an Act of Congress created to reform the way the Pentagon contracts and purchases major weapons systems.
