ChPMO™ Chief Project Management Officer™ Certification Fact Sheet

ChPMO™ CREDENTIAL CERTIFICATION OUTLINE, CURRICULUM AND PDUs:

ChPMO™ CREDENTIAL CERTIFICATION PROGRAM MODULES COVERED FROM DAY 1 THROUGH DAY 5:

ChPMO™ Chief Project Management Officer™ certification is an executive-level program designed for senior leaders who oversee enterprise-wide project, program, and portfolio functions, and goes far beyond the traditional Project Management content and focuses on C-suite strategy, governance, value realization, and organizational transformation.

ChPMO™ Ten-module curriculum:

Module 1: Strategic Project Portfolio Alignment & Value Realization

Integrating project portfolios with corporate strategy, OKRs, balanced scorecards, and enterprise value metrics. Includes benefit-realization tracking and kill/continue decision frameworks.

Module 2: Enterprise PMO Governance & Organizational Design

Designing and maturing PMO structures (strategic, tactical, or hybrid), governance boards, stage-gate processes, and escalation models. Covers PMO maturity assessments (OPM3, CMMI-PPM) and authority matrices.

Module 3: Executive Risk & Opportunity Management

Enterprise risk management frameworks tailored to projects, quantitative risk analysis at portfolio level, scenario planning, and opportunity capture. Includes Risk Management Board functions and risk appetite alignment with the board.

Module 4: Financial Mastery for Project Executives

Capital budgeting, NPV/IRR/ROI at portfolio level, earned value management (EVM) for executives, funding models, and project finance. Covers cost-benefit justification to CFOs and economic value added (EVA).

Module 5: C-Level Leadership & High-Performance Culture

Executive presence, influencing without authority, building project leadership pipelines, psychological safety, and cross-functional team orchestration. Includes 360° leadership assessments and executive coaching techniques.

Module 6: Enterprise Change & Transformation Management

Leading large-scale digital and business transformations, change impact analysis, stakeholder resistance management, and sustained adoption models (ADKAR, Kotter 8-Step, Prosci).
