## **The Why? – The Certified EVMP® Earned Value Management Professional®**

### **EVMP® Certification Benefits to the Individual Participant – Top Reasons**

Become part of a distinguished set of certified EVMP® Earned Value Management Professional®s who understand how to effectively manage, control, execute, lead and integrate cost and schedule baselines effectively

Organizations, clients and colleagues are assured that you have the EVMP® Earned Value Management Professional® skills and knowledge required to lead, direct, control and manage integrated cost and schedule baselines effectively and efficiently; identify and resolve significant variances on projects and programs; and manage and control risks, schedules, costs, changes and quality on highly priced projects and programs (multi-million/multi-billion). Many Request for Proposals (RFPs) on large contracts issued by US Federal Government agencies such as US Department of State, US Department of Justice for example have recently requested EVMP® Earned Value Management Professional® certification in their RFPs

Your recognition as an EVMP® Earned Value Management Professional® sets you apart from the rest and shows that you understand the lingua franca of project management, earned value management (EVM) and project control

Increases your marketability to organizations in the global marketplace as certified EVMP® Earned Value Management Professional®

Significantly increases chances of winning very large contracts (multi millions/multi-billions in dollar value) with certified EVMP® Earned Value Management Professional®s assigned for oversight, leadership and management functions

Increases confidence as a Leader who can be held accountable and responsible for positive project outcomes and successful delivery on time, within budget and of top quality upon becoming an EVMP® Earned Value Management Professional®

EVMP® Earned Value Management Professional®s have the ability to build, implement and maintain compliant EIA 748-D industry standard Earned Value Management Systems (EVMS) across projects and organizations

EVMP® Earned Value Management Professional®s have the ability to identify early warning signs and signals that can lead to ultimate and total project failure/termination and provide solutions to the significant variances uncovered on projects

EVMP® Earned Value Management Professional®s will complete analysis on a given Case study that will allow them to compile a compendium of best practice strategies used on a Project to prevent cost overruns, schedule delays and poor quality deliverables; and implement compliant industry standard EIA 748-D Earned Value Management Systems on projects and programs

EVMP® Earned Value Management Professional®s have the ability to lead, guide, develop and direct effective and efficient Control Account Management efforts on very large projects and programs

EVMP® Earned Value Management Professional® certification holders work at highly respected companies such as Lockheed Martin, US Department of Agriculture, Canadian Nuclear Labs, PricewaterhouseCoopers, Missile Defense Agency, US Department of Defense and numerous more. See a few EVMP® Earned Value Management Professional® certification holding alumni at: <https://www.evmi.com/testimonials-page/>

# **EVMP® Earned Value Management Professional® Credential Certification Fact Sheet**

EVMP® Earned Value Management Professional® certification holders work as Corporate Executives, Program Directors, CEOs, Program Managers, Senior Project Managers and Senior Engineers across industry and government. See a few certified EVMP® Earned Value Management Professional® Leaders here: <https://www.evmi.com/testimonials-page>

EVMP® Earned Value Management Professional® certification was approved in March 2009 by the United States Federal Government's Federal Acquisition Institute (FAI) for FAC-P/PM (Federal Acquisition Certification for Program and Project Managers) Level 2 certification for US Federal Government Program and Project Managers

EVMP® Earned Value Management Professional® is approved under the United States Workforce Investment Act (WIA) for workforce development and training

## **The Why? – The Organization Managed By EVMP®s**

### **EVMP® Certification Benefits to the Organization – Top Reasons**

Effective and efficient management of projects and programs because the organization has invested in the training of its resources to acquire the EVMP® Earned Value Management Professional® credential certification

Increases the project management, project control and Earned Value Management (EVM) maturity level of an organization  
Reflects an organization's commitment to transparency, accountability, oversight and the implementation of effective project controls and Earned Value Management using tools such as EVMATOM® Earned Value Management Accountability Transparency and Oversight Matrix®

Increases an organization's overall competitiveness and Return on Investment (ROI)

The root causes of project delays are identified and mitigated by EVMP® Earned Value Management Professional®s  
Standardized project management, project control and Earned Value Management System (EVMS) processes, methods, approaches and best practices are enhanced and institutionalized

The use of standard project management and earned value management metrics across an organization is emphasized

The chances of project or program success are greatly increased and enhanced

Earned Value Management System (EVMS) Surveillance and Compliance is institutionalized across projects, programs and organizations and led by teams of certified EVMP® Earned Value Management Professional®s

Earned Value Management System (EVMS) Surveillance and Compliance is maintained, implemented and enforced across projects, programs and organizations and led by teams of certified EVMP® Earned Value Management Professional®s

# EVMP® Earned Value Management Professional® Credential Certification Fact Sheet

US Federal Government Law such as Weapons Systems Acquisition Reform Act of 2009 in the USA requires mandatory Earned Value Management Systems (EVMS) on the Defense Contractor's EVMS. The Weapon Systems Acquisition Reform Act, formally known as the Weapons Acquisition System Reform Through Enhancing Technical Knowledge and Oversight Act of 2009, was an Act of Congress created to reform the way the Pentagon contracts and purchases major weapons systems.
