CPCO[®] CERTIFIED PROJECT CONTROL OFFICER[®] CREDENTIAL CERTIFICATION PROGRAM OBJECTIVES

In June 2007, EVMi[®] Earned Value Management Institute[®] created the CPCO[®] Certified Project Control Officer[®] program, a global based credential, that recognizes Project Control Officers (PCOs) who require a general understanding about the application, value and benefits derived from the use of project controls, planning and scheduling, risk management and Earned Value Management (EVM) for the effective management and oversight of projects and programs within their organizations.

The CPCO[®] Certified Project Control Officer[®] credential certification is a unique management level and professional development program and course designed for PCOs and Project Managers in both Government and Industry who are eager to achieve total project and program management, execution and delivery successes

The CPCO[®] Certified Project Control Officer[®] program is aimed at the present and next generation of government and private sector project controls leaders and managers working for dynamic global companies and firms; national companies, state organizations, international organizations and institutions; and government agencies/departments/ministries who need to broaden their horizons in the field and dimensions of project controls, Earned Value Management (EVM), planning and scheduling, risk management, project management and effective program governance; and enhance their prospects of achieving successful project and program delivery.

The CPCO[®] Certified Project Control Officer[®] credential certification training program offers the participant with 3 days of intensive level training in project controls; estimating, planning, scheduling and budgeting; risk management; Earned Value Management and ANSI EIA 748-C Earned Value Management (EVM) Industry standards implementation; fraud prevention; managing disputes and claims; and contract management for projects and programs regardless of scale, size and complexity.

OUTLINE, CURRICULUM, PDUs

CPCO[®] CERTIFIED PROJECT CONTROL OFFICER[®] CERTIFICATION PROGRAM MODULES & CURRICULUM COVERED FROM DAY 1 THROUGH 3

The CPCO[®] Certified Project Control Officer[®] curriculum has been designed by a number of internationally recognized professionals from the field of project controls, planning and scheduling, risk management, quality management, project management, earned value management (EVM), risk, economics, business, finance, information technology, engineering, and government. With its newly revised program, the CPCO[®] Certified Project Control Officer[®] formula is challenging, rewarding and exciting for all Project Control Officers (PCOs) and Project Leads regardless of their industry domain or solution delivery. The CPCO[®] Certified Project Control Officer[®] credential certification consists of **TWELVE modules** delivered from Day 1 through Day 3, and the modules are namely: (1), My CPCO[®] Certified Project Control Officer[®] Strategy (2), Organization (3), Planning and Scheduling (4), Estimating, Cost, Budgeting & Control Accounts (5), Earned Value Management, Project Control and ANSI EIA 748-C Earned Value Management (EVM) Industry Standards (6), Risk Control (7), Quality Control (8), Fraud Prevention (9), Managing Disputes and Claims (10) Contract Management, Materials Management & Procurement (11) Managing People (12) Ethics and Professional Responsibility.

PDUs: CPCO[®] PROFESSIONAL DEVELOPMENT UNITS (PDUs): 60 Professional Development Units (PDUs) is awarded upon completion of the CPCO[®] program

MY CPCO STRATEGY PLAYBOOK™: CPCO[®] GRADES FOR CERTIFICATION: All participants will complete ten exercises for their My CPCO Strategy Play Book™. My CPCO Strategy Play Book™ is based on completing ten exercises on a project in your selected industry. You can **only** select **one** industry during the application process from a list of fifty industries. The full list of fifty industries is on Page 4 of this brochure and Page 3 of your application form. A passing grade of 80% on your ten exercises in your My CPCO Strategy Play Book™ is required to earn CPCO[®] Certified Project Control Officer[®] credential certification.
