EVMO™ Earned Value Management Officer™ Credential Certification Fact Sheet

The Why? – The Certified EVMO™ Earned Value Management Officer™

EVMO™ Certification Benefits to the Individual Participant – Ten Reasons

Become part of a distinguished set of individuals who understand how to effectively manage, control, execute, lead and integrate cost and schedule baselines effectively on projects and programs

Organizations, clients and colleagues are assured that you have the skills and knowledge required to lead, direct, control and manage integrated cost and schedule baselines effectively and efficiently; identify and resolve significant variances on projects and programs; and manage and control risks, schedules, costs, changes and quality on highly priced projects and programs (multi-million/multi-billion)

Your recognition as an EVMO™ sets you apart from the rest and shows that you understand the lingua franca of project management, earned value management systems (EVMS) and project control used on projects and programs

Increases your marketability to organizations in the global marketplace as a certified EVMO™ Earned Value Management Officer™ for projects and programs

Significantly increases chances of winning very large contracts (multi millions/multi-billions in dollar value) with certified EVMO™ assigned for oversight, leadership and management functions on projects and programs

Increases confidence as a Leader who can be held accountable and responsible for positive projects' and programs' outcomes and successful delivery on time, within budget and of top quality

EVMO™s have the ability to build, implement and maintain compliant EIA 748-D industry standard Earned Value Management Systems (EVMS) across projects, programs and organizations

EVMO™s have the ability to identify early warning signs and signals that can lead to project failure and provide solutions to significant variances on projects and programs

EVMO™s have the ability to develop their own **'My EVMO Strategy Playbook™'** for implementing and maintaining best practice Project Management, Earned Value Management Systems and Project Control compliance, surveillance and monitoring across projects and programs regardless of dollar size, scale, complexity, size or contract type

EVMO™s have the ability to lead, guide, develop and direct effective and efficient Control Account Manager (CAM) efforts on very large projects and programs

EVMO™ Earned Value Management Officer™ Credential Certification Fact Sheet

The Why? – The Organization Managed By EVMO®s

EVMO® Certification Benefits to the Organization – Top Reasons

Effective and efficient management of projects and programs because the organization has invested in the training of its people to acquire the EVMO™ credential certification

Increases the project management, project control and Earned Value Management (EVM) maturity level of an organization

Reflects an organization's commitment to transparency, accountability, oversight and the implementation of effective project controls and Earned Value Management using tools such as EVMATOM® Earned Value Management Accountability Transparency and Oversight Matrix®

Increases an organization's overall competitiveness and Return on Investment (ROI)

The root causes of project delays are identified and mitigated by EVMO™s

Standardized project management, project control and Earned Value Management System (EVMS) processes, methods, approaches and best practices are enhanced and institutionalized

The use of standard project management and earned value management metrics across an organization is emphasized

The chances of project or program success are greatly increased and enhanced

Earned Value Management System (EVMS) Surveillance and Compliance is institutionalized across projects, programs and organizations and led by teams of certified EVMO™s

Earned Value Management System (EVMS) Surveillance and Compliance is maintained, implemented and enforced across projects, programs and organizations and led by teams of certified EVMO™s. US Federal Government Law such as Weapons Systems Acquisition Reform Act of 2009 in the USA requires mandatory Earned Value Management Systems (EVMS) and EVMS Surveillance on the Defense Contractor's EVMS. The Weapon Systems Acquisition Reform Act, formally known as the Weapons Acquisition System Reform Through Enhancing Technical Knowledge and Oversight Act of 2009, was an Act of Congress created to reform the way the Pentagon contracts and purchases major weapons systems.
