# CRQO™ Chief Risk & Quality Officer™ Credential Certification Fact Sheet

## ABOUT CRQO™ CHIEF RISK VALUE & QUALITY OFFICER™ CERTIFICATION

**CRQO™ Chief Risk & Quality Officer™** is a global-based credential that recognizes executive-level leaders who require a general understanding of the application, value, and benefits derived from the use of risk management and quality management in the effective management and oversight of projects and programs within their organizations. The **CRQO™ Chief Risk & Quality Officer™** credential certification is a unique executive/senior management level professional development program and course designed for executives and upper management in both Government and Industry who are eager to achieve total project and program management successes

The EVMI® Earned Value Management Institute® created the **CRQO™ Chief Risk & Quality Officer™** certification program, a 4-day global credential certification that recognizes professionals who require a general understanding about the application, value and benefits derived from the use of risk and quality management in the effective and efficient management and oversight of projects and programs within their organizations. Effective and efficient risk mitigation, risk assessment, risk control and quality control increases the likelihood of projects being executed on time, within budget and of top quality. The **CRQO™ Chief Risk & Quality Officer™** credential certification is a unique executive/senior management level professional development program and course designed for executives and upper management in both Government and Industry who are eager to achieve total project and program management successes

The **CRQO™ Chief Risk & Quality Officer™** program is aimed at the present and next generation of government and risk and quality management leaders: executives working for dynamic global companies and firms; international organizations and institutions; and government agencies/departments/ministries who need to broaden their horizons in the field and dimensions of quality management, risk management, project management and effective program governance; and enhance their prospects of achieving successful project and program delivery.

## CRQO™ CREDENTIAL CERTIFICATION OUTLINE, CURRICULUM AND PDUs:

## CRQO™ CREDENTIAL CERTIFICATION PROGRAM MODULES COVERED FROM DAY 1 THROUGH DAY 4:

The **CRQO™ Chief Risk & Quality Officer™** curriculum has been designed by a number of internationally recognized professionals from the field of risk management, quality management, project management, earned value management, risk, economics, business, finance, information technology, engineering, and government. With its newly revised program, the **CRQO™ Chief Risk & Quality Officer™** formula is challenging, rewarding, and exciting for all executives regardless of their industry domain or solution delivery. The curriculum will have a lasting effect and positive impact on the way you manage projects at an executive and senior management level and provide you with applicable knowledge to manage your projects successfully and delivered from **start to finish, without schedule delays, cost overruns, poor quality, and technical scope related issues**.

The **CRQO™ Chief Risk & Quality Officer™** is a **4-day** program offered to Chief Executives, Corporate Executives, Senior Project Managers, Risk Professionals, Quality Professionals, Finance Professionals, Analysts, PMPs, Engineers, Managers, Project Team Members and any professional interested in improving the quality of their products, projects and services while managing and effectively mitigating the very risks that can impact the quality of deliverables, and overall project success. All **CRQO™ Chief Risk & Quality Officer™** participants will complete their "My CRQO Strategy Playbook" applying risk and quality management best practices and industry standards.
